RAVE-08

First of an Annual Workshop Series

This is the first of a workshop series focusing on the whys and hows of realistic action in virtual environments.

RAVE= Real Action in Virtual Environment

"rave (vb) - to rave
- to act realistically
when immersed in
digital media."

RAVE COMMITTEE

RAVE: Real Action, Virtual Environments. We are concerned with why and how and under what conditions people act realistically within virtual environments, and how to make it happen.
